## \$160,000 Real Estate Deal Closed in St. Cloud Monday

### New White Way System of Lighting To Be Operated Friday Night

#### Shaker Lakes Holdings Pass to Capitalists From Other Sections

**Biggest Deal in Lands Ever Consummated As To Price in Osceola County—Many Other Sales Have Been Made in Past Few Days—Much Building Under Way and Several Large Structures Planned in St. Cloud**

One of the largest deals consummated in Osceola County for some time, if not the largest in its history, was consummated Monday, when Geo. M. Rickard, of Alliance, Ohio, President of the Shaker Land Co., closed with Gordon F. Henry an East Coast capitalist for 6,000 acres of land at \$160,000. The land is what has been known for years as the Shaker Colony holding or rather 6,000 of the original tract. It is comprised of varied kinds of land suited to all purposes, some of which is pine timber.

The Shaker Land Co., only acquired this land about a year ago when the Shaker Colony disbanded, and the original homestead was not included in the deal, that famous location going to a party in Philadelphia.

Mr. Rickard has never been a real estate man, but is owner of the Household Supply Co., at Alliance, but is a shrewd business man and became interested in this section while spending the winter here two years ago. Learning that the Shaker Colony would disband he readily joined Wm. Landis of Alliance, Ohio and purchased the undeveloped lands of the colony.

Plans had been started for a new townsite to be known as Shaker Lakes, five miles east of St. Cloud on the Cross state automobile highway, and bordering on Alligator and Lake Lakes. A clubhouse and company office had already been erected and a highway from the club to a beauty spot on the lake cleared out when these new owners were attracted to the spot.

What the plans of the new owners are could not be ascertained, but these same people are making heavy purchases here, and indication point to big development along all lines.

Another development that had been planned and that will probably be carried out regardless of this sale, was the erection of a Trammell's Winter home site, with a fine clubhouse in the center occupying five acres. This was to be located about two and a half miles east of Shaker Lakes townsite on a fine ridge that sloped down to another beautiful lake and was to be a place for railroad conductors and their wives to come for the winter or to come to make their homes when the retirement period was reached.

Containing much lands, there are tracts available for gardens and with a hard road right through the center of the land the farthest point away from railroad is only six miles long. Then there are prairie lands, grazing lands and much fine timber. Some of the finest citrus lands in the state are on this tract. The new owners will no doubt start extensive improvements at once and develop this section rapidly.

Mr. Wm. Landis had been the local resident manager for the company as well as one of the stockholders, and had the offices of the Shaker Lakes and Shaker Land Co. in the new Johnson building at Eleventh and New York avenue.

Mr. Landis will probably continue in the real estate business in this vicinity, although he has not made any announcement of his plans.

Several other large deals have been made, some of which are reported elsewhere in this issue.

#### POSTOFFICE AND BANKS TO BE CLOSED ON NEXT MONDAY

Washington's Birthday occurring on Sunday this year Monday will be observed for the holiday.

The postoffice will be open only two hours that day, from 9:00 to 11:00 a. m.

Both banks will be closed all day Monday.

#### ST. LUKE'S EPISCOPAL CHURCH

Quinquagesima Sunday. Fifty days before Easter in round numbers. Old way in reckoning. February 22nd. Subject: Consistent Judgment. Text: Romans II. 1. Then are inexcusable, O man, whosoever thou art that judgest: for wherein thou judgest another thou condemnest thyself. Service at 10:30 A. M.

WM. WESTOVER.

#### LAST NUMBER OF THE LYCEUM COMING FEB. 24TH

The last number of the Lyceum Course under the auspices of the Woman's Improvement Club, will occur on Tuesday evening, Feb. 24th, when Maude Willis, reproducer of great plays, will appear to entertain the St. Cloud people with her rare talent.

Miss Willis is a finished artist. Her masterly presentation of some stirring and inspiring plays has won her a cherished place in the hearts of her hearers. She has over three hundred selections, including many standard plays, in her repertoire. Among her popular programs are: "The Fortune Hunter" by Joseph Vance; "The Witching Hour" by Augusta Thomas; "The Third Degree" by Charles Klein; "Turn to the Right" by Winchell Smith; "Every Woman" by Walter Browne; "The Copperhead" by Augusta Thomas; "If I were King" by Justin McCarthy; "It Pays to Advertise" by McGuire and Hackett.

The funds derived from the sale of tickets to the lyceum course will be applied to the paying of the paving indebtedness incurred by the new brick street in front of the library building, and a good attendance on the closing number of the course will be greatly appreciated by the Woman's Improvement Club.

#### ROUTINE BUSINESS AT CHAMBER OF COMMERCE YESTERDAY

Chamber of Commerce met in regular session Wednesday, February 18th, 1925. Meeting called to order by President Parker. Minutes of previous meeting held February 11th, was read and approved.

Mr. Barlow reported that the road to Melbourne was in fair shape and that sand was being pumped now to complete the fill in the St. Johns Marsh. He also stated that he had conferred with Mayor Commissioner Pat Johnston of Kissimmee in regard to placing sign on the road that leads out to St. Cloud, and Mayor Commissioner Johnston request that the Secretary write the City Clerk of Kissimmee asking permission to place this sign.

The Advertising Committee requested that two new members be added to their Committee. Motion made and seconded that Mr. Pike and Secretary Phillips be placed on the committee, carried unanimously. Mr. McPherson representing the Veterans of the Grand Army appeared before the Chamber stating that the endorsement of the Grand Army would be held in St. Cloud and asked that the Chamber of Commerce give them their moral support. This was unanimously agreed to.

President Parker gave a short talk (Continued on Page Four)

#### Memory of Washington To Be Honored Here on Next Monday

The memory of George Washington, Father of Our Country, will be fittingly honored in St. Cloud on Monday next when a monster patriotic parade will be held at 1:30 in the afternoon, followed by speeches in the G. A. R. Hall by two distinguished leaders, who are in our midst this winter.

The parade will form at the G. A. R. Hall and start promptly at 1:30 o'clock. The order of the parade will be as follows:

Grand Marshal, A. S. McKay, Color Bearers, (Massed Colors), St. Cloud Band, American Legion, St. Cloud Post No. 50.

Spanish War Veterans, Veterans of the Grand Army of the Republic in uniform as far as possible. The veterans are urged to appear in uniform for this special occasion.

Women's Relief Corps members with flags, Daughters of Veterans with flags and banners, Boy Scouts.

Immediately after the parade the audience will assemble in the G. A. R. hall and be addressed by Rev. W. H. Stanz, of Pennsylvania and Rev. R. E. Miller, of Chicago.

The program in the hall will include singing and a special feature by Mr. and Mrs. W. H. Raymond.

which will be very pleasing to the audience.

Delightful music will also be featured for this occasion.

The line of march will be east on Eleventh street to Pennsylvania ave.; north on Pennsylvania avenue to Tenth street and west on Tenth street to Massachusetts avenue; south on Massachusetts to the Grand Army Hall, where the program will start as soon as the audience is seated. The general public is invited.

St. Cloud never fails to celebrate the birthdays of all famous statesmen, or to observe all national holidays in a patriotic manner. With the second largest Grand Army post in the United States, an active American Legion Post, a Daughters of Veterans, a Ladies Auxiliary, Women's Relief Corps, Spanish War Veterans and many other active organizations, these days could not be forgotten.

The Florida Encampment, Grand Army of the Republic will hold the annual camp fires here next month.

Dr. F. M. Sheppard, who has been located at Holopaw for some time, has come to St. Cloud and opened of fices in the Peoples Bank Building, at Tenth street and New York avenue, he will do a general practice, as physician and surgeon. He is residing at the St. Cloud Hotel for the present.

#### I. O. O. F BENEFIT AT MUST PAY POLL TAX BY PALM THEATRE SATURDAY, MARCH TWENTY-EIGHT

Arrangements have been made by the local lodge of Independent Order of Odd Fellows with the management of The Palm Theatre to show a special benefit picture in St. Cloud on February 28th. The picture selected is a twelve-reel feature taken from Aaron Hoffman's Broadway success, "Welcome Stranger," and is said to be one of the best productions ever shown in this city. A special matinee will be given in the afternoon and the regular showing at night. Popular prices will prevail. All members of the order and their friends, and everybody who enjoys a real production are urged to see this picture.

Voters in the city are cautioned that Saturday March 28 will be the last date on which poll tax for the past year can be paid to be qualified to vote in the city election to be held on March 28th.

County Tax Collector C. L. Bandy has given ample notice in these columns this year, as usual before regular elections.

Persons who have resided here for two years must have the last two years poll tax paid, if they are under the age of fifty-five.

If you want to vote be sure you are registered at the city hall and have these taxes paid.

#### CONSOLIDATED REALTY CO. REPORTS SOME SUBSTANTIAL SALES FOR PAST FEW DAYS

The Consolidated Realty Co. reports considerable activity in real estate in and around St. Cloud, which includes some very substantial sales made by their concern.

During the past few days they have made a number of good sales, many of them being the Aaron Hoffman grove, just outside the city on the east; the Chas. P. Rohrbach grove; the Peckham building on New York Avenue; the Edwards lots at Tenth and Pennsylvania avenue and many other good business properties. The consideration were not stated, but these four pieces of property ran into several thousand dollars.

This is a new concern, but composed of men well versed in the real estate business and has important

connections in St. Petersburg, Miami, and other Florida cities.

The offices of the Consolidated Realty Co. is located in room 1 of the new Johnson building at Eleventh and New York avenue, and is well equipped for their line of business. Information concerning lands, groves, farms, homesteads, range lands, in fact anything about Florida can be obtained at their office, and they are always glad to have people call for information.

They have a fine list of properties in most all these lines and announce that "if you want to buy, or sell they can meet your needs."

Their efforts on behalf of St. Cloud and vicinity is doing much to increase the development of this section.

#### Formal Installation of New White Way System of Lights on Friday

**Long Desired and Much Needed Improvement in Lighting System Will Become Fact Friday Evening When New Light Poles Will Be Placed in Permanent Use—Celebration and Street Dance to Mark the Formal Opening of the New System**

#### CELEBRATION PROCLAMATION

Masquerade and Carnival in Celebration of the Initial Installation of the NEW WHITE WAY.

Come one—come all—cast aside your worries and troubles and rejoice with St. Cloud in her new advancement which is only the beginning of an era of prosperity.

Friday night, February 20th, is hereby proclaimed an evening of Fun, Frolic and Foolishness.

#### MUSIC—DANCING

Let no one stay at home.

G. C. OUTLAW,  
Mayor.

#### FREE MAIL DELIVERY ASKED FOR IN A PETITION

A petition asking for free delivery of mail throughout the city is being circulated this week and is being readily signed by the citizens in general. This will relieve the congestion at the postoffice and be of great benefit to the patrons of the office who, now have to come to the office for every piece of mail that arrives.

The receipts of the office has in the past year exceed the requirements of the postoffice department, and the improvements in streets and sidewalks, it is believed also meet the requirements. If everyone is not called on at their homes this week the petition will be left at the postoffice for a few days before going to Washington for those who might be missed to be given an opportunity of expressing themselves by signing.

#### SPECIAL SERVICES AT PRESBYTERIAN CHURCH

Rev. I. D. Steele, D. D. of the Third Presbyterian Church, Chattanooga, Tenn., will arrive Saturday and will preach during next week. All are welcome and invited to attend these services.

The Brotherhood Class had a very fair attendance at the supper Tuesday night. Especially considering the heavy rain which came just at the time for assembly.

It is expected to have an overflow meeting for Dr. Small Monday evening. The special services in progress will not prevent having that meeting in the Presbyterian Church if the overflow occurs as expected.

The services Sunday as per the regular schedule.

Sunday School, 9:30.  
Morning Worship, 10:45.  
C. E. 6:30.  
Evening Service, 7:30.

#### NOTICE TO ADVERTISERS

Due to the fact that space in this issue, being secured in time, the special feature intended to be published this week, has been postponed until March 5, two weeks from today. We desired to make this extra section complete in every detail and certain pictures had to be obtained, but it was found impossible yesterday to get them in time for this week.

The Publishers.

On last Monday evening Mayor G. C. Outlaw issued notice that the occasion of the opening for permanent service of the new white way system of lights will be made the occasion of a big jollification on next Friday night. Plans are being worked out to make the occasion one of a general get-together affair, with a big street dance, prizes being offered by the merchants for various stunts and costumes.

The white way system has long been needed and desired, but no progress was made until Leon D. Lamb, local realtor, offered to give the city ten feet off one of the central blocks to widen Tenth street and to buy poles for a white way system along that block, if the city would lay the brick, set the poles and maintain the street lights. Mr. Lamb also gave brick needed for this extension. This caused other business men to become interested, and owners of the next block, the Peoples Bank and another individual gave ten feet on the same terms.

A general movement was then started to carry out the white way system throughout the entire business section. The system that will be ready for Friday night includes Tenth street from Massachusetts avenue to Florida avenue, the City Hall corner; New York avenue from Ninth to Twelfth street; Pennsylvania avenue to Massachusetts; Massachusetts avenue from Tenth to Twelfth is to be installed at once, while Monday evening property owners on Pennsylvania from Eleventh to Thirteenth who asked for brick paving were informed that the City Commission desired the co-operation of the property owners in extending the white way whenever brick paving is done.

The City Commission went on record that all future paving petitions filed shall include the white way costs as well as the paving materials.

Friday night Tenth street will be roped off for half block at Cobb's corner, where the asphalt paving begins, for those who desire to enjoy a street dance.

There will be no general program, except the announcement that the St. Cloud Band will be on hand to give a concert and furnish some music for the dances, but the prize offers made by several merchants will probably be scattered all over the street.

The city official hope that the people of St. Cloud and the tourists will turn out and make this a general get-together affair or rather a get-acquainted occasion and view the difference in appearance that such improvement brings about.

All overhead wires and poles in this district will be removed as the white way system is operated from under ground cables.

Mr. and Mrs. Pat Marlow of Orlando, formerly of St. Cloud, were callers here this week.

### FIRST YANKS KILLED IN COMBAT PUT UP REAL-FOR-SURE FIGHT

Little Rock, Ark., Feb. 15.—There were twelve bayonet wounds and eight bullet wounds on the body of one of them. It is safe to say that the first American casualty among the combatant forces during the World War was a good demonstration of fighting.

The speaker was Thomas W. Murphy, assistant adjutant of The American Legion, Department of Arkansas, who witnessed the raid which resulted in the killing of the first three men of the A. E. F. killed in actual combat with the enemy. The men were: James Bethel Gresham, Thomas F. Enright and Meade D. Hay, all of Company E, 16th Infantry. They were killed by a German raiding party on the night of November 3, 1917.

Murphy, telling of the incident, said: "We had just moved into the trenches a little before midnight, and it was all new to us. Our company—G company of the 16th Infantry—had a sector about 25 yards or more from E company, when the Germans made their raid. They captured seven of E company men, wounded five and killed three. When we went over to the sector after the raid, we found these three comrades. One had bayonet wounds and eight bullet wounds. The other two had bayonet wounds and German helmets about him. It must have been a good fight."

Mr. Murphy had 25 months' service overseas. He received a high explosive wound in the right hip after having been in every major offensive in which Americans participated. Only twelve of his company are now alive.

### FINGERPRINTED IN GRAVE

Pueblo, Colo., Feb. 15.—Opening of a coffin just as the grave was to receive it, was carried out recently here to get the finger prints of an ex-serviceman to accompany his application for subject's compensation. Friends of John McNichol, of Durango,

Colo., were grouped about the grave when an automobile drove up and a group of American Legion men stepped from it. They made known their request, which was complied with.

During his last hours McNichol's friends made out his application papers for compensation. He was so weak that he could only affix a scrawled mark to the papers in the presence of witnesses. At the last minute it was discovered that his finger prints had not been affixed to the papers, and the posthumous finger print was taken.

### EDITOR MUST SERVE FOR LEGION LIBEL

Chicago, Ill., Feb. 15.—Arthur Lorenz, former editor of the Illinois Staats-Zeitung, a German language newspaper, must serve six months in the house of correction and pay a fine of \$1 for criminal libel against The American Legion, the appellate court here decided recently.

The court affirmed a verdict in criminal court two years ago, the higher court holding that Lorenz's editorial referring to Legion members as "tramps, vagabonds and bums" was obviously "a deliberate attempt to impair the honesty and reputation of The American Legion."

Lorenz was prosecuted largely through the efforts of Legion officials. The national office of the Legion, at Indianapolis, sent its judge-advocate, Robert A. Adams, to represent it at the trial.

### LEGION PIN SAVES HIM

Hartford, Wis., Feb. 15.—An American Legion lution in the lapel of a man found unconscious here recently served to identify him and obtain immediate hospital treatment. The man had just left the depot, where he had arrived on an incoming train, when he suddenly fell unconscious. A local doctor notified the Legion lution and notified the Hartford post commander. After a check had been made it was found that the man was a Legionnaire from Minneapolis. The Legion rushed him to the National Home Hospital at Milwaukee for treatment.

### FIRE WONT BURN FLAG

Denver, Colo., Feb. 15.—American Legionnaires here are convinced of the inviolability of the American Flag. When everything else burned in the headquarters of Aecia Post of the Legion here recently, the American flag and the post colors escaped the fire that gutted the quarters. Examination revealed no tangible reason why the national and post colors had escaped the flames unharmed.

### NURSE IS HONORED

Buffalo, N. Y., Feb. 15.—Miss Margaret Stryker, World War nurse, who served five years overseas and has been decorated by two foreign governments, was elected commander of June A. Delano Nurses' Post of The American Legion here. Miss Stryker went over on a Red Cross ship in 1914 and later entered the army, serving in England, France and Italy. The French government has decorated her with the Medaille de l'Honneur des Epandies and Italy with the Fatiche di Guerra, given only to those who served for at least six months in the advanced zone.

666

Is a prescription for Colds, Grippe, Dengue, Headaches, Constipation, Biliarrness. It is the most speedy remedy we know.

## GEN. HINES DECLARES LEGION ENDOWMENT FUND IS NEEDED

VETERANS' BUREAU CHIEF ADMITS NECESSITY OF SELECTIVE ASSISTANCE IN LEGION SAYS GOVERNMENT HAS NO MACHINERY TO AID WAR-ORPHANS.

Washington, D. C., Feb. 15.—General Frank T. Hines, Director of the U. S. Veterans' Bureau, has pledged his earnest support to The American Legion Endowment Campaign for five million dollars, in a letter to National Commander James A. Drain, of the Legion, which sets for the government's view of why government aid to the disabled and the orphans should be supplemented by the relief work of the Legion.

After pointing out that the government, through Congress, has been liberal in its aid to the disabled, Director Hines adds: "It is a well known fact that many detailed types of assistance fall into the hands of local Legion posts for fulfillment and it has been further disclosed that funds for the carrying on of the specific emergencies have been noticeably deficient."

"It is therefore an opportunity that the call comes from the Legion with so well defined purposes that the public and other interested organizations may comprehend at once the necessity of the call. It is true that millions of dollars have been appropriated for rehabilitation and hospitalization, and these expenditures will continue in decreasing number as the work nears completion at the continuing disability remains in the instance of the mentally disabled and of the minor dependents in an instance of the World War."

"From a survey of disclosures obtained through the intensive study of records in the Guardianship Sub-Division recently organized in the De-

partment of the Veterans' Bureau, it is apparent that the public or the Bureau would desire them to be. The initiative taken by the Legion in launching a campaign for the endowment of five million dollars is to be commended and ought to meet with the endorsement of all public spirited citizens as in the securing of these funds each veteran of the World War feels his personal obligation to the children of his less fortunate comrades. Up to this time the legislation providing in general for beneficiaries of the Bureau is not imminent in the instance of minors denied the rights of childhood and the privileges of training conducive to economic independence.

"The Bureau is preparing from its records available on the subject an itemization of all minor beneficiaries, and anticipates releasing these data to various Legion posts, who in turn will gladly co-operate with the Legion and affiliated organizations in securing specific information as to the immediate needs of the minor dependents of veterans in their various communities."

General Hines concludes his letter with a ringing endorsement of the Legion's effort, saying:

"I thank you for the privilege of endorsing this splendid work and in that the resources of the Bureau be at your disposal in every instance where they will serve toward the perfecting of your plan and the realization of an American ideal by Americans for Americans."

### J. I. CUMMINGS

RESOLUTIONS of Respect and Sympathy adopted by L. L. Mitchell Post No. 34, Dept. of Florida Grand Army of the Republic, on the 13th day of February, 1922, on the death of Comrade John I. Cummings, late of the 11th Michigan Infantry Regiment, who died at his home in St. Cloud, Florida, on the 31st of January 1922:

WHEREAS, by the inscrutable decree of Providence our comrade, John I. Cummings, has been removed from our midst, and translated to the great majority awaiting us on the other shore; and

WHEREAS, our deceased comrade was, for many years, a most faithful and efficient member of this Post, zealous in every good work for its benefit, being at the time of his death the Assistant Adjutant General of the Department of Florida G. A. R., and has also been for many years an honored and trusted official of this city; Therefore be it

RESOLVED, that in the death of our comrade this Grand Army Post and this community has suffered a loss which appeals alike to every comrade of this Post, and every resident in this community; and be it further RESOLVED, that we tender to Mrs. Mae Cummings, widow of our deceased comrade, our sincere sympathy in this her hour of affliction, remembering how at all times, as a member and official of the Woman's Corps, she has labored with untiring devotion for the best interests of this Post. May she still have many years of satisfaction in living and doing for those she loves. And be it further

RESOLVED, that copy of these resolutions be spread upon the records of this Post, a copy forwarded to the widow, and a copy furnished the St. Cloud Tribune, for publication.

W. R. McPHERSON, Chairman.  
JOHN H. DODD, Sec.  
A. E. RANKIN, Committee.

### VETERANS' ASSOCIATION

Feb. 14 the President, Mr. Kenner, called the meeting at the 4001 bank with the singing of America.

Prayer by Chaplain Westcott. Minutes of previous meeting read and approved.

Florida Song, St. Cloud yell, and collection taken.

The social hour was in charge of Mrs. Ella B. Slater, under the auspices of the Woman's Relief Corps.

The drum corps rendered two selections of music. Mrs. Clara Kenney, president of the W. R. C., gave a very good talk on the duties of the corps.

H. E. Gray of Canton, Ohio, gave two readings in Pennsylvania Dutch dialect, which was understood by a few present.

Music by Mr. Worrell on the violin, accompanied by his daughter, Mrs. Barber on the piano, also Bro. Beauchamp with the bones.

H. J. Shore sang "A Perfect Day," accompanied by Miss Emerson. For encore he sang, "Last night the nightingales awakened me."

Reading by C. E. S. Cooper, "Why I joined the Grand Army," and, "You have tied my hands."

Mr. Brimhall played two selections on the flute.

A. W. Lathrop related several interesting nature stories. Comrade Marsh played on the harmonica accompanied by Rev. Beauchamp with the bones.

Comrade Randall sang, "The girl had in Arkansas." Music by two Messrs. Wright and Harmon.

First and last verses of Star Spangled Banner.

"President takes up sugar tariff."—Headline. Consumers would be more interested to know he had put it down.—Norfolk Virginian-Pilot.

### WM. M. ERNEST

Wm. M. Ernest, 212 South Delaware avenue, St. Cloud, Fla., died on Sunday, Feb. 12th, at his home. He was born in Seneca Falls, N. Y., in 1858, and was sixty-five years of age at his death. The deceased was a member of the Independent Order of Odd Fellows, belonging to Huron Valley Lodge No. 403, of Flat Rock, Mich.

The funeral was held on Friday, Feb. 10, at the Baptist church under the direction of Eisenstein Brothers. The services were presided by Rev. J. Atkinson, pastor of the church. Burial was at Mt. Peace cemetery, the local lodge of F. O. C., having charge of the service at the grave.

His leaves to mourn his loss his widow, two daughters, Mrs. Ralph Hanes, of Pontiac, Mich., and Mrs. Wm. Green, Detroit, Mich., and three grand children, besides numerous relatives and friends. A cousin, Jessie Van Wagon, of Flat Rock, Mich., came to St. Cloud to assist with the funeral. Mr. Carl Engel, a very close friend of Mr. Ernest, helped to care for him during the last few weeks of his illness.

### WOMAN'S RELIEF CORPS

L. L. Mitchell Relief Corps No. 12 met in regular session Thursday Feb. 12 at 2 P. M. All officers present but Patriotic Instructor and Musician.

Four new members came in by invitation, Mrs. Lydia Brown, Mrs. Lucy M. Blackman, Mrs. Josephine Goff and Mrs. Catherine Rider.

The Corps decided to serve a dinner Feb. 28.

Forty-five members present.  
JULIA B. FRENCH,  
Press Cor.

### NOTICE

Notice is hereby given that sealed bids will be received by the Board of County Commissioners of Osceola County, Florida, up to ten A. M. Monday, March 2nd A. D. 1922, on two tented tractors. All bids to be delivered to J. L. Overstreet, Clerk of the Board, on or before the above date.

The Board reserves the right to reject any and all bids.

E. L. D. Overstreet, Chairman.  
Agent: J. L. Overstreet, Clerk. 20-21

### New Way to Quickly Stop Worst Cough

A remarkable new and simple method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 hours.

The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes and breaks soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treatment, and the whole cough condition goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

DR. KING'S  
NEW  
DISCOVERY

COUGHS

### RESOLUTIONS OF RESPECT OF THE MICHIGAN ASSOCIATION

Whereas, God in His infinite wisdom, has taken home, our dear brother and friend, William Ernest, a loved and useful member of our association. We deeply mourn his loss, and sympathize with his wife and family in their great grief.

Therefore be it resolved, That a copy of these resolutions be published in the City paper and a copy be sent to our dear sister Ernest.

MRS. FRANCES R. RILEY,  
MR. JAMES GOFF,  
MRS. L. A. FRENCH, Committee.

### WILSON JONES

Wilson Jones was born June 2nd, 1839 at Burns, N. Y., and died Feb. 10th, 1922 at Saint Cloud, Fla.

He was married July 15th, 1863 to Elma Karr who died Dec. 27th, 1912. Two sons survive him, Ernest W. and Arthur L., both of Andover, N. Y. Early in life he united with the M. E. church and has ever lived a consistent Christian life.

In 1861 he enlisted in the 23rd N. Y. Vol's and served two years. Jan. 1864 he enlisted as a recruit in the 1st N. Y. Dragoons and served until May 7th of that year when he was severely wounded at Toots Tavern Battle of the Wilderness.

For many years he had been a member of the G. A. R. and was a member in good standing of the L. L. Mitchell Post No. 34 this city.

The funeral was held Wednesday afternoon at the G. A. R. Hall, conducted by Rev. Parker. Burial at Mt. Cemetery, G. A. R. escort.

Read here are memorials who put on speed every time you try to get in front of them.—Toronto Star.

### NOTICE

Some one who has been visiting the Chamber of Commerce room has taken it upon himself or herself to carry away the magazines which have been placed there for the benefit of the public and it is requested that such magazines be left there for that purpose.

(Signed) Sec'y Chamber of Commerce

### NOTICE OF WITHDRAWAL

Having disposed of my stock, and severed my connection with the Peoples Bank of St. Cloud, I wish to thank my comrades, and friends, who assisted me in the promotion, and perfecting the organization of said institution.

With Respect,  
E. F. H. POPE

## What You Want--- When You Want It!

Plumbing service is an occasional necessity. The average home requires the services of a plumber, but a few times in its existence—but when it wants it, it wants it.

Winter months are the time of the year when real plumbing service must be considered. Promptness—efficiency—good workmanship and reasonable prices are most important. We guarantee all of these in the service we offer you.

No matter whether your needs are for a small repair job—or installation of a complete plumbing system in a new home you may be planning this spring, we ask the privilege of quoting you prices.

CROSSWORD PUZZLES, STORY OF ORIGIN AND EVOLUTION

"It's worse than a Chinese puzzle!" How many times have you heard that comment on a particularly knotty problem? Quite often, perhaps, but did you ever know anything about a Chinese puzzle, except that it must be difficult to solve? If you're one of the large family of crossword puzzle fans you have undoubtedly often wondered just what it is about the puzzle that fascinates you and holds your interest.

To thousands of new puzzle fans who have become addicts overnight, seemingly a bit of explanation of the origin of their new favorite indoor pastime may not lack interest.

**The Chinese Puzzle**  
Away back in 1815 our grandparents spent hours and hours of their leisure time putting together the seven pieces and 350 figures with which the Chinese puzzle was formed. This true Chinese puzzle, or tangram, as it is also called, is generally acknowledged superior to any hitherto invented or devised for the amusement of the world.

These tangrams, according to Prof. Max Muller, were originally designed by the Chinese, not as a pastime, but as a means of instruction. The conclusions were that the science of geometry, evidence of a higher civilization in those ancient times than existed in China in its own.

Ch'ieh is a Chinese character, meaning "seven ingenious pieces." In the history of the world, it will be recalled readily, seven has figured as a sacred number. There are seven spirits before the throne of God, seven days in the week, seven grains, seven divisions in the Lord's Prayer, seven ages in the life of man, and the full fall seven times a day. The cabalistic power the American Negro ascribes to the number seven is well known, and there are innumerable other cryptographic things associated with seven.

**Solve Magic Squares**  
In addition to the superlatively puzzling tangrams of the Chinese, another mental exercise of the same kind practiced centuries ago by the Hindus and Arabs, was the solving of magic squares, an exercise in comparison with which the working of crossword puzzles is a mild affair.

Indeed, Moschopolis of Constantinople introduced the magic squares into Europe in the Fifteenth Century. During the Middle Ages they played an important part in the occultism and mysticism of the times. Since then they have attracted the interest of the keenest minds. One writer calculates that the paper requires to contain all the magic squares of the thirteenth order would cover the entire surface of the earth about 348 times.

By combining the magic squares with the acrostic, the anagram, the rebus and the palindromic mystery, ingenuity has evolved the crossword puzzle. An example of one of these will show the relation to the crossword puzzle. A simple acrostic, for instance, is formed by the first letters of each line, a double acrostic by the first and final letters:

U—nite and unite are the same—so say you—U—  
N—ot in witlock, I ween, is such unity see—N—  
I—N the gambit of marriage, each flattery flir—t—  
T—o a new face would fly—all except you and I,  
E—ach seeking to alter the spell of their seen—E—

**R. L. S. Was Fan**  
To many new crossword puzzle fans it will be interesting to recall that among the famous puzzle makers of the past were such men as Robert Louis Stevenson, Henry Wadsworth Longfellow, Edgar Allan Poe, Lord Chesterfield, Byron, Milton, Plato, Herodotus and Aesop. Today, as yesterday, puzzle makers include statesmen, eminent authors, artists, scientists, musicians and educators of the first rank. In America, the "intellectuals" of puzzledom belong to the National Puzzlers' League.

For the members of this league the hardest sort of a crossword puzzle is kindergarten stuff compared to the puzzle which they turn out for the edification of their Mother members. The person who solves one of the big form puzzles in this league has to seek his words in many sources other than the handy dictionary. Some of the typical references needed are the New International, Lippincott's Gazetteer, Philip's Dictionary of Biographical Reference, Encyclopedia Britannica, Worcester, Gazette and the Postal Guide.

**Poe a Puzzler**  
Poe, the famous author of The Raven, was the author of a 20-line cryptogrammatic valentine sent to Frances Sargent Osgood, the key to which is found by reading the first letter of the first line, connecting it with the second letter of the second line, and these with the third letter of the fourth line and so on to the end. This form of mental exercise may find favor with the crossword puzzle worker and lead a step further in the development of their art.

Word puzzles knows, the only "open sesame" to their solution is concentration. The mind must be trained to recall some word that will fit within a certain limited space and be a synonym of another given as a key. Success in word building demands the employment of one's faculties of recall and research. And as, though it may be but an amusing pastime, building words in crossword puzzles is as practical a step in mental discipline as any move in chess or checkers, or any play in mah jong or auction-whist.

In this respect, word puzzles are invaluable to the development of the mind and the improvement of the health, for they serve as a means of increasing the attention by concentration and so cultivate the memory.

KANSAS CITY DOCTOR INVENTS NEW TRUSS

New Discovery Heals Rupture Without An Operation

Kansas City, Mo.—(Special)—A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of the well-known Hernia Specialist, Dr. Andrews, 220H, Koch Bldg., Kansas City, Mo. The extraordinary success of this new method proves that it holds and holds a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of The Tribune who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of this unique free offer. Write him today. Feb. 19-Mar. 5

Municipal and state bond issues in excess of \$200,000,000 were authorized by voters at the November 4 election in Florida.

FORMER ST. CLOUD BOY REACHES A HIGH POSITION IN RAILROAD CIRCLES

The January 25th issue of The N. C. & St. L. RY. News Item, featuring the State of Florida, contains the following article relative to Mr. Andre Rice King, Florida Passenger Agent of the Nashville, Chattanooga and St. Louis Railway. Mr. King's birthplace is referred to in the article as being the city known as "Old St. Cloud," the city as it now known not being established until 1900. However, "new" St. Cloud, is proud to claim Mr. King as one of "her boys" who has become successful in his chosen vocation, and The Tribune gladly reprints the story of his advancement.

The article follows:  
"In featuring the state of Florida in this issue of the News Item, we are afforded the pleasure of giving our readers a brief outline regarding the life of the man in charge of passenger solicitation in this wonderful land of sunshine and flowers—Mr. Andre Rice King, Florida Passenger Agent of the Nashville, Chattanooga and St. Louis Railway.

Mr. King was born in St. Cloud, Osceola County, Florida, February 27th, 1892, his parents later moving to Tampa, Florida, where he was educated in the public schools of that city. After completing his high school education, Mr. King, at the age of eighteen, went to Atlanta, Georgia, for the purpose of securing a business education, and it was while in this city, after completing his business education, that he first became affiliated with the Nashville, Chattanooga and St. Louis Railway, as ticket seller in the City Ticket Office, at which time was located at 3-2 Peachtree Street, on February 14th, 1914, Mr. J. A. Thomas being City Ticket Agent.

On August 15th, 1915, he was promoted to Traveling Passenger Agent in the Florida territory, traveling under Mr. J. A. Von Dohlen, then Florida Passenger Agent, remaining in this position until shortly after the induction of the United States into the Great World War, resigning his position to enter the Officers Training Corp at Fort Oglethorpe, Chattanooga, Tennessee, on August 15th, 1917. After successfully completing his training in this school he was commissioned a Second Lieutenant of Infantry on November 27th, 1917 and was immediately assigned to duty with the 60th Infantry Regiment, stationed at Camp Green, Charlotte, North Carolina.

On April 16th, 1918, Lieutenant King sailed from New York with the 60th Infantry and arrived at Le Havre, France, on the first day of May 1918, serving throughout the War with this regiment. While in service in France, Lieutenant King received the following promotions due to his excellent military record: Promoted to First Lieutenant on October 18th, 1918, and on November 1st of the same year was promoted to the rank of Captain. During his service in France he saw active service in the following sectors: St. Mihiel, Meuse Argonne, Vosges Mountains, St. Die and also served with the Army of Occupation for eight months after the Armistice was signed. He returned to the United States on July 15th, 1919, and is at the present time holding the rank of Major in the U. S. Officers Reserve Corps.

"After receiving an honorable discharge from the Army, Mr. King served as Service Agent, during the Federal Control of the Railroads, in Atlanta, Georgia, until March 1st, 1920, when he received the appointment of Florida Passenger Agent of the Nashville, Chattanooga and St. Louis Railway, at the time rail lines were returned to private ownership, which position he now holds.

"Mr. King took an active part in organizing the Florida Department of the American Legion, serving as Adjutant of the Jacksonville Post for the year 1922 and has served three years on the Executive Committee of this Post. He also served one year as State Executive Committeeman and for the past three years has been State Transportation Chairman. Mr. King also took an active part in the organization of the Jacksonville Traffic Club in 1922, serving as Secretary and Treasurer of this Club during the first year it was organized, and since then being on the Executive Committee.

"On May 19th, 1923, Mr. King was married to Miss Mable Virginia Taylor at the First Baptist Church in Fort Meade, Florida, of which denomination they are both members."

Florida has 93 posts of the American Legion, and won the McIndoe cup this year, given to the state showing the largest gain in membership. Florida also won the Lindsey trophy for having the first state department with a 100 per cent paid-up membership. An exhibit of Florida products was made in St. Paul last September by the Florida Legion, under the direction of Lieut. Harris of St. Augustine.

# ST CLOUD TRIBUNE BIBLE CONFERENCE CLOSURES ONE OF BEST CONFERENCES EVER HELD

Published Every Thursday By the ST. CLOUD TRIBUNE COMPANY

CLAUDE F. JOHNSON, President

Organized as Second-class Matter June 28th, 1906 at the Postoffice at St. Cloud, Florida, under the Act of Congress of March 3, 1879.

Advertising bills are payable on the first of each month. Parties not known to us will be required to pay in advance.

The Tribune is published every Thursday and mailed to any part of the United States, postage free, for \$2.00 a year; \$1.25 for six months or for the three months strictly in advance.

A reading in your subscription, always available whether received or not, and in changing your address be sure to state it most address.

Sending notices in local columns, the same. Rates for display advertising furnished on application.

St. Cloud is rapidly coming into its own.

Progressive people always get their reward for hunting.

The City Commission is starting off in the right manner to make St. Cloud a better town.

Our white way lighting system to be operated for the first time Friday night, was one of the best improvements of the year.

More brick street paving has been called for by the property owners, which is very commendable and will enhance the value of the city property.

Our Pennsylvania avenue girl says: 'Twas only a few years ago that to talk paying or any other improvement to some St. Cloud people meant you had a fight on your hands.

Some people have to be forced to do things for their own good, and then when they reap the benefits they are loud to claim what progressive citizens they have been all these years.

The City Commission is determined to eliminate the curb-stone real estate salesman, who neither has an office, nor pays a city license. That's a good move. All progressive cities are trying to confine real estate dealings to legitimate agents.

Millions will be spent in the St. Cloud section within the next five years, because this section offers the best lands for the lowest price to be found in the state, and our city has all modern conveniences that could be desired, with a progressive people that will continue this improvement, to make ours indeed "The Wonder City."

## LETTERS TO EDITOR

Stockton, Ill., Feb. 12th, 1925

St. Cloud Tribune Co.,  
St. Cloud, Florida.

I received your issue of Feb. 12th, 1925, and I like to read your paper. Am glad that St. Cloud is getting to the front. I was at St. Cloud 15 years ago this month. There was not much of St. Cloud then. I also was in your city eleven years ago last September. Your city had made quite an improvement in those four years and by this time has made one of the most beautiful cities of Florida. I have a city lot in St. Cloud and a few more tract several miles out from St. Cloud. I am a young Civil War veteran only 17 years young. I served in Co. B, 146th Infantry, Vol. 108th division of the War.

As this is Lincoln's birthday, I carried my wheel back almost 60, when I was a body guard at Lincoln's funeral at Springfield, Ill., Tuesday May 4th, 1905, was a body guard from the time the remains arrived at Springfield on May 2nd till his body was laid to rest at Oak Ridge Cemetery two miles out from Springfield. The people commenced to pass through the State House at 10:00 a. m. and passed through all that day and all that night till 10 p. m. On May 4th the people marched two in a row at close order and were not allowed to stop. The guards kept them moving from the East Side of the State House and out at the west door of the state house at that time the State house was enclosed with an iron fence and had four iron gates one on the east, one on the west and one on the north and one on the south. On May 3rd at 10 a. m. the gates closed and thousands of people viewed the remains of Lincoln, and thousands were in line when the gates were closed. The full details of the funeral are fresh in my mind, but I can not write them all for it would be too lengthy. If the Editor will please publish this, it may be some old veterans will read this who was at Lincoln's funeral. I would like to hear from all the old veterans who were at the funeral.

Yours truly,  
F. E. YEAGER,  
Stockton, Ill.

P. S.—Best Regards to all the old comrades of St. Cloud. P. E. Yeager, member of Co. E 146th Ill.

## SELLS BANANA NURSERY TO ORANGE COUNTY FOLKS

Jim Long this week sold his entire stock of various kinds of banana plants in his nursery on the Shaker place in Orange county.

That Orange county has long been the natural home of bananas of certain varieties was well known to many old-timers, and when the recent development of plantations throughout the state started, the finest were to be found here. Plants thrive profitably.

# NOTED PROHIBITION WORKER COMING TO ST. CLOUD

Rev. Dr. Sam W. Small will speak at St. Cloud on Monday next at the Methodist Episcopal church under the direction of the Anti-Saloon League of America and the Anti-Saloon League of Florida. Local arrangements are in the hands of Rev. Ivar G. Hyndman, D. D.

This famous Southerner is again with the Anti-Saloon League of America, and will spend much of his remaining years on the platform for that organization. He has been heard in every

state in the Union many times, and often in the other lands of the north. Few men in America have had as long a career in the movement for prohibition as he has had. Perhaps no man's name is more permanently identified with this movement than that of Sam Small.

For many years a partner of Sam Jones, under whom he was converted forty years ago while filling the place of a prominent editor and public official, Sam Small has been known as a great evangelist in the principal cities of the United States and Canada. His conversion led him all the way into the fight against every evil, and his voice was lifted against the liquor traffic in a day when such a protest was not very popular even in the church.

REV. DR. SAM W. SMALL

As a very young man he was admitted to the bar. He then became private secretary to ex-President Andrew Johnson. For many years he was an editor of Southern papers, notably the Atlanta Constitution, and is still a staff specialist of that newspaper. Under appointment of President Hayes he served as secretary to the American Commission in Paris in 1908, and as delegate to the International Literary Congress. While with the United States Army in Cuba in 1899 he was military supervisor of public instruction, and helped to reorganize the public schools of the island. He is almost as well known for his writings as for his addresses.

The word eloquent is the weakest word that might be used in describing his platform ability. He seems to grow stronger and more convincing as an orator as the years go on. He has a rare fond of humor, wit and sarcasm, and he is a strong and convincing

# WERE GEORGE WASHINGTON HERE TODAY, By SATTERFIELD

## DAUGHTERS OF VETERANS

Mother McKendry's Tent No. 1, organized at St. Cloud, will hold its regular session Tuesday p. m. February 17th, at 7 o'clock, at K. K. Hall, with our president, Clara F. Rhodes in the chair.

Mrs. Antoinette Harris was initiated into our Tent.

We were pleased to have with us, our Department President, Mrs. Ida Satter of St. Petersburg. She had visited Tent No. 3 at Miami. She chose from our Tent two color bearers and musician for the Convention and Department work. She gave us many words of praise and encouragement. At

## SILENT CLASS ATTRACTS VISITORS TO M. E. S.

The "Silent Class" of the Methodist Church Sunday School, has been enjoying an extra large attendance the past few Sundays, last Sunday having an attendance of eight, and a still larger attendance is expected for next Sunday. Many out-of-town deaf visitors have been present at the class and expressed their appreciation of the addition of this class to the Methodist Sunday School, which affords them an opportunity of keeping up with the Sunday School work. Mr. F. E. Philpott is the teacher, and an invitation is extended to all deaf mutes in the vicinity to attend the class.

## close of meeting light refreshments were served.

The Daughters of St. Cloud, A. H. James Campbell of St. Cloud, and his wife, Mrs. Campbell, who are members of our order, gave us a commission on the play, "Buds," Tuesday afternoon and evening. The Daughters took charge of the Ticket window.

We wish to thank Mr. Van Denberg for his kindness and wish him success.

Our president requests all members of Tent to be present at our next meeting which will be held Tuesday, March 3, at 2 P. M.

Carl Zettie, of Avondale, near Cincinnati, has been visiting with his uncle, Mr. Hartker, in St. Cloud for several days, but has gone to Tampa and St. Petersburg for a visit of a week or two.

WANTED—OLD RAGS. Must be Clean. No Strings. Tribune Office.

Mr. and Mrs. H. Henshell, of Longport, N. Y., have arrived in St. Cloud and are visiting Mrs. John F. Henshell, of Mrs. Henshell on New York avenue and Fifteenth street. Mr. Henshell is a real estate dealer.

Mr. and Mrs. A. R. McGill joined Miss Margaret McGill and Mr. and Mrs. Shields and Miss Leona. Ex-strang at Melbourne Beach last Sunday where they enjoyed a few days fishing, returning home Tuesday.

Friends of Mrs. Dr. Harris, sister of Mrs. J. O. Vreeland of the city, will regret to learn that she fell on ice and broke a bone in her left ankle. It is reported that it will be some time before she is able to use her foot. Mrs. Harris resides in New Jersey.

Just received a nice shipment of Easter Dresses in fine twill sheen and cotton crepe the very latest models. See them on display at our store, Ferguson's Store.

G. A. Bleech, having sold out his stock of groceries and fixtures, has closed the store and now is enjoying the life of a retired gentleman, but we predict that a man who has been as active as Mr. Bleech will soon re-enter business again.

Mr. and Mrs. Dan Vose and Miss Laura Dibble, of Ashland, Ky., were in the city Saturday of last week calling on old friends, Mr. and Mrs. L. L. Kibbe. They are favorably impressed with St. Cloud and may locate here in the near future.

## SALT MACKEREL AT BAILEY'S.

Mr. and Mrs. W. F. Branch and Mr. and Mrs. James Harbroughs, of Champaign, N. Y., who are touring the state, stopped over night at the Pennsylvania hotel, recently, and called on old friends, Mr. and Mrs. Ed Aibes and Mrs. Geo. Arcovetti.

The Presbyterian dinner and sale will be given at the Chamber of Commerce rooms Saturday.

D. B. Wallace, President of the Equitable Trust Co., of Walton, Ky., was in the city from Lakeland this week to look after property interests here. He came down December 4 and stopped for a visit but is now stopping in Lakeland. He is a former newspaper man.

If you want to read about Furniture in large quantities see the newspapers. If you want to buy or look at the real article, call on Summers Furniture Store, Eleventh and Pennsylvania. Prices are always right. 24-4f.

The local high school basketball team defeated Haines City on our local court last Friday. The scores were 21-12. Haines City 12 to 21. This is the second double header victory won from Haines City and the third of the season. The other was won from Lake Wales.

## WE HAVE ANOTHER BIG SWISS "TRY IT" AT BAILEY'S.

Mrs. Frances R. Riley was very agreeably surprised Sunday evening to receive a call from her friends, Mr. and Mrs. Bloom and family and Miss Allen from the Orange General Hospital, from Orlando. They were on their return trip from Melbourne, and reported the road bad.

Dr. C. Saekhoff, Chiropractor, Hours 9 to 12 and 2 to 6. Conn Building, 16th St. & Penna. Ave. 24-4f

F. W. Bartlett, brother of Miss Emma Bartlett of Manassett, West Virginia, who is spending the winter season with her friend, Mrs. B. G. Kibbe of this city, is in Miami combining business with pleasure. Mr. Bartlett will be here on the last day of his vacation before returning to Pittsburgh, Penna., where he is considered one of the most popular hotel men.

Dr. M. Cushman-Griswold, Homeopathic and Osteopath. Hours from 9 to 11: 2 to 4. Fla. Ave. bet. 19 & 11 (4f) WANTED—OLD RAGS. Must be Clean. No Strings. Tribune Office.

Mac B. Crocker, of Pittsburgh, Pa., formerly of New York, arrived in St. Cloud last Thursday to be the guest of his father, Col. T. B. Crocker, for a few weeks. He is a Spanish War veteran having served in the 302nd New York Volunteers of Buffalo and was in Cuba in 1898 and 1899. He likes Florida very much and is especially attracted to St. Cloud and may locate here another year.

J. W. Pifer, who was one of the pioneers to arrive on the first excursion train coming to St. Cloud to start the town, is here for a visit and is highly pleased with the growth made since he was last here. He has sold the frame building known as the Pifer house to new people through the Parker Realty Co., and told the editor yesterday that he was planning to close out back in Pennsylvania and come back here to stay. He still owns property here.

Mr. and Mrs. Franklin A. Martin, their son LeRoy, Mrs. Frank E. Philpott and Miss Emma Bartlett formed a most delightful motoring party last Tuesday, when they left for an extended tour on the East Coast visiting all points of interest. On returning homeward they will travel inland following the middle loop, arriving here tomorrow evening or Saturday. The Martins will depart Monday for their home in Chicago, carrying with them many pleasurable experiences of their motoring jaunts. Miss Bartlett will linger until the Florida winter joins the West Virginia summer.

Miss Madeline Cox announces that she will open a ladies' beauty parlor on next Saturday, at her home on Maryland avenue and Seventh street. She has had several years' experience in this work and uses the Marriell System. On next Saturday with each Marcell a free shampoo will be given. 26-11

Messrs. J. A. and F. W. Osorne, who with their families are among the West Virginia sojourners in this city, are most ardent disciples of Isak Walton, they having gone to the lakes in quest of the members of the final

## GOING AFTER DELINQUENT MERCHANTS FOR THEIR LICENSE FEE

City Marshal Meley has this week been calling on merchants to show their city license, and checking up on the delinquents who had overlooked their duty in obtaining a city license since last October 1, when same was due.

Many persons have been negligent in this matter, and will now have to pay up. In fact some persons were found that had not taken the trouble to secure a license for any time since they had begun business.

## FOR THE INFORMATION OF TAXPAYERS OF FLORIDA

The following interesting letter of Comptroller Ernest Amos to W. I. Barber, County Assessor, gives the effect of recent Constitutional Amendments on Taxation.

In addition to the general instructions you will find attached to the tax roll I wish to call your attention to your duties revolving around the constitutional tax amendments recently ratified which I will designate as Number One and Number Two for convenience.

Number One: "No tax upon inheritances or upon the income of residents or citizens of this State shall be levied by the State of Florida or under its authorities and there shall be exempt from taxation to the head of a family residing in this State household goods and personal effects to the value of \$500.00."

The only reason for mentioning this amendment is the latter part which I have underscored and has to do with the exemption allowed "heads of families residing in this State." From this year's returns I have ascertained that many families are entitled to this \$500.00 exemption on household goods and personal effects.

While household goods and personal effects are personal property all personal property is not household goods and personal effects, so these terms are not interchangeable and the amendment does not read \$500.00 exemption on personal property.

The definition of household goods is generally very well understood and means such articles as are used by the head of a family in keeping house, such as household and kitchen furniture, bedding, eating and cooking utensils, pictures, silverware, clocks, sewing machines, and the like. Personal effects consisting of such articles as are usually worn upon the person, such as watches, clothing, jewelry, guns, and the like—something closely associated with the person. An inventory or list of the articles owned by the head of a family claimed to be exempt should be made and filed with the Tax Assessor. All persons claiming the benefit of this amendment should be made to file a return of all their personal property and it should all be valued at its full cash value and the exemption, if any, should be deducted therefrom at its full value of \$500.00 and the remainder assessed on a 50% basis so long as we are following that plan.

Of course, small tax payers who are heads of a family where there is no doubt in the Assessor's mind that he is entitled to the exemption and has nothing except household goods and personal effects as defined above and of small value will not be assessed but returns should be received from them if possible. I merely mention this from the practical side of the matter.

Amendment No. 2: Number Two, relating to intangibles. The amendment reads as follows: "The legislature shall provide for a uniform and equal rate of taxation, except that it may provide for special rate or rates on intangible property."

but such special rate or rates shall not exceed five mills on the dollar of the assessed valuation of such intangible property, which special rate or rates, or the taxes collected therefrom, may be apportioned by the legislature, and shall be exclusive of all other State, County, district and municipal taxes; and shall prescribe such regulations as shall secure a just valuation of all property, both real and personal, excepting such property as may be exempted by law for municipal, educational, literary, scientific, religious or charitable purposes."

You will note from this that some action by the legislature is necessary to put this amendment in operation. However, this may take place at the next session and be applicable to the assessment for this year, and to meet this situation I have provided two columns in the tax book in the personal property section for this purpose. The legislature will probably define what intangibles are, which is usually considered that class of property consisting of deposits or money in banks, franchises, stocks (except State and National Banks) bonds, rights, credits, mortgages, and the like. I have eliminated stocks in State and National Banks because they are especially provided for by law now as to how to be assessed.

In the returns I have provided for this year I have provided for this class of property which it might be well to secure returns on awaiting outcome of the legislature at its next session. Then if the law is passed making it applicable to this year's assessment it will be in hand. If not very little trouble will have been occasioned by securing the information.

No doubt there is a considerable amount of intangible property in this State. The bank deposits in the State Banks at last call were above \$145,000,000.00 to say nothing of the deposits in National Banks. In my judgment our intangible property in a few years will exceed by far the assessment on tangible property and if all or the bulk of the tax from this source goes to the State tax levy for State purposes on real and personal property might be abandoned altogether. This would tend to solve two problems. First, it would relieve the State tax burden, and second, it would settle the old question of State and County tax rates.

In closing, I wish to express my deep appreciation for the uniform co-operation and assistance I have received from the Assessors throughout my terms of office as Comptroller and hope that our future relations will be continued along the same pleasant lines.

Assuring you of my full co-operation at all times, with best wishes, I am, Yours very truly,  
ERNEST AMOS,  
Comptroller.

To work, to help, and to be helped, to learn sympathy through suffering, to learn faith by perplexity, to reach truth through wonder; behold! this is what it is to prosper; this is what it is to live.—Phillip Brooks.

There are two things necessary for the enrichment of life, mentally, physically, socially, and spiritually. They are very simple and are known of all men. One is hard work and the other is a determination to do right.—Calvin Coolidge.

## EAST COAST FOLKS TO CELEBRATE WASHINGTON BIRTHDAY ON 23

Daytona, Feb. 12.—Residents of the triple Cities are making preparations to entertain thousands of visitors on Monday, February 23, when Washington's birthday will be observed with several holiday festivities, climaxed by an automobile race meet on the Daytona-Seabreeze beach with more than a score of noted drivers entered.

The famous beach, where all world's speed records have been established, is the Mecca this winter for more than a dozen northern racing stars who have brought their machines here. These, coupled with the cortege of hooded footed drivers that Florida has produced, makes up the greatest field of speed maniacs that Daytona has ever had available for competitive events on its thirty mile expanse of perfect beach.

Prominent among the northern drivers wintering here is Sig Haugehaug, Norwegian speed star, with his Miller straight eight. This machine is equipped with the 181 cubic inch motor and is capable of making more than 150 miles an hour on the straightaway. This is but one of the modern speed juggernauts to be seen in action.

Other drivers listed on the Washington's birthday card schedule Larry Stone of Kansas City, Bud Putnam of Providence, Rhode Island, Pete Craig, Daytona sports writer, Shorty Hingrich, Lansing, Mich., Leslie Marsh of Tampa, Sam Purcell of Jacksonville, Rob Green of Orlando, Eddie Dally of Tampa, Fred Horey of Chicago, Speed Johnson of Daytona, Dave Koestle of Miami Shores and a half dozen others who are now working out their mounts on the beach. Novel entertainment features will be interspersed with the speed contests during the beach festival, promoters announce.

## ATTRACTIVE WAYS TO PREPARE ORANGES

Ripe oranges lend themselves admirably to decorative ways of serving. For this reason the housewife does well to devise sometimes from the usual method of having the oranges cut in halves on fruit plates or serving the fruit juices only and in cups.

Since oranges are known to contain so large a proportion of vitamins they are getting to be more popular than ever. They are a wholesome, refreshing, and attractive fruit.

A way of preparing the fruit that delights children is to peel off all the skin except a band about the widest part. Split one place in the skin and carefully separate the inside portions. Lay the orange on the plate with the segment down and it seems like some fantastic animal from a fairy story.

To add to this illusion realistic touches can be given with apple seeds. Turn back the front segment and fashion it with a wooden toothpick to form a curve. Press two apple seeds in for eyes and the fantastic orange serpent is complete.

## Attractive Arrangement

If the orange is laid skin side down the sections are ready to be taken off and eaten with little trouble. Oranges peeled as described can be left whole and round on plates ready for the narrow bit of skin to be slit before the orange is eaten.

Really beautiful arrangement for a table is made by cutting the skin into strips from end to end. Peel it almost off without breaking. These strips are then turned back and the tips caught under the orange itself. This forms a very yellow standard for the delicately tinted orange globe.

"Globe" oranges, tangerines and other varieties of the fruit in which the pulp is loosely held in the outer skin are never cut in half to serve, but are eaten from the turned back skin. One of the daintiest ways of serving such oranges is to peel them as described above and then turn the tips of the peel back enough to disclose the outer orange color. Separate the portions of the orange and let them fall back a bit and the result is an orange flower that is really pretty if not like the regulation orange blossom. It resembles a water lily. Oranges so prepared are easy to eat. They make most attractive dishes for a first course at breakfast or for luncheon dessert.

In Florida oranges are peeled whole and piled in a fruit dish in the center of the dining table. You help yourselves to them with a fork that you thrust into an orange. You eat them from a fork, not with it, for you hold the orange on the prongs of the fork and bite into the tempting, luscious fruit.

A favorite way of serving oranges is to pare the skin off with a sharp knife and then cut the round fruit into thin slices. These are laid one on the other with a rim of each slice extending a little way from beneath the slice on top of it. Along each side of the plate a little trailing mound of powdered sugar may be put if the oranges are sour. The slices are eaten with a fork and each one is dipped into the sugar if it is needed. A little utensil for slicing oranges, lemons, etc., can be bought at a very small sum. It insures even thickness in the slices.

The United States Department of Agriculture is giving \$575,000 worth of deer which have become so numerous in the Kaibab National Forest in Northern Arizona as to threaten starvation of the entire herd because of the sparseness of the natural food. The expense to the applicant will be crating and transportation charges only a sum estimated to be about thirty-five dollars an animal. Shipments will be confined to east of the Sierra Nevada and Cascade mountains and the deer are to be released in parks, estates or wilderness.

## ORLANDO GETS NEXT SOCIAL WORK MEET; CHENEY PRESIDENT

Gainesville, Feb. 18.—Orlando was successful in not only securing the 1925 convention of the state conference of social work, but in having one of its most eminent citizens elected by unanimous vote to the presidency of the important state welfare organization. Judge Donald A. Cheney.

Judge Cheney succeeds Dr. L. M. Bristol, of Gainesville, as president, who gave the conference two successive years of brilliant administration. Mrs. W. Blackman of Orlando was elected first vice-president, Dr. Amos Butler, of St. Petersburg, second vice-president, and Mrs. W. T. Gary of Ocala, treasurer. The secretary will be appointed by the president.

The decision regarding the date for the 1926 conference will be made by the executive board in the near future.

Jacksonville, with sixteen automobiles present, was pledged the loving cup awarded to Duval county for having the greatest number of machines.

Judge Cheney was second vice-president of the conference last year and has taken a foremost role in the work in recent years.

At the annual meeting of state association of probation officers here today in conjunction with the state conference of social work re-election of all officers was a feature of the session.

Judge D. A. Cheney, of Orlando, was re-elected president; Karl Stamp of Tampa, vice-president and J. C. Lanier, of Jacksonville, secretary and treasurer.

Judge Cheney was honored by both the social workers and probation officers, being unanimously elected to lead the organization during the ensuing year.

## Cough Remedy Mother Gave Us Still Best

Pine Tar and Honey Best All Modern Drugs

In thousands of families it has been the custom for many years to keep pine tar and honey always on hand for coughs, chest colds, bronchitis, spasmodic croup, and throat irritations. Our mothers knew that it was good, that it often broke up the worst cough in 24 hours, and that it could be given to young and old alike, as it contains no narcotics or harmful drugs.

And now we are told that in spite of modern medical discoveries there is still no better or quicker cough remedy. Doctors say the pine tar quickly loosens and removes the phlegm and congestion that cause the coughing, also healing soreness, while the honey not only gives a pleasant taste, but helps soothe irritation.

The original compound, made up many years ago and used by millions of people, was Dr. Bell's Pine Tar Honey. This is scientifically composed of just the right proportions of pine tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. If you want the original and the best, be sure you get Dr. Bell's Pine Tar Honey and no other. Only 25c. at any good drugstore.

## SAYS THE STATE MARKETING BUREAU

Few persons not in the business realize that the little farm hen is the most important factor as a producer of income, not only in Florida but in every state. Not only is the production of eggs a vast industry, but the problem of marketing them is getting to be a big one.

Eggs produced in the United States in 1923 were worth 962 million dollars. This was an increase of 90 million dollars over the production of 1922. Poultry raised in this country last year was worth 445 million dollars. In other words, poultry and eggs combined added a billion forty-seven million dollars to the gross revenue of the country for that year. Counting all animal and dairy products, eggs made up 9.9 per cent of the production for the year and poultry 7.5 per cent; together they represented 17.2 per cent of the production of animal products.

The combined value of poultry and eggs exceeded the total value of all fruits and fruit products in the country by one million dollars. Poultry may not be fair to the chickens to compare them with our major field crops, we find that only two crops, corn and cotton, exceeded the value of poultry and eggs. The wheat crop of the country was worth 726 million dollars, while the little American hen has turned out 962 million dollars for her owners. In the realm of animal products we find swine worth a billion, one hundred and forty-five million dollars, and dairy products valued at over two billion. No other single commodity exceeds the value of the hen and her co-partners.

Germany retains her position as the world's leading potato-producing country with an estimated production in 1924 of 1,335,614,000 bushels, followed by Poland with 1,044,230,000 bushels, France with 558,040,000 bushels and the United States with 454,784,000 bushels. And the potato is native of America.

The sorting clean-up time, now a regular annual feature of town and city life can not be observed on farms in the same season because of more pressing work. Efforts are made constantly therefore to encourage picking up the odds and ends about the farms in slack time between fall planting and early spring. In many towns, however, the house demonstration agents give their organizing ability to furthering such work in the early weeks of spring.

It is no easy to grow strawberries as it is potatoes. It is true that the potato is a more important item of the family diet than the berry, but the latter is a luxury that costs as little that every farm family should have a least a small bed, or a row or two.

Eggs for hatching should be the best the poultryman can secure. It has been said that one need not expect fine birds, unless he sets eggs that measure up to strict requirements. Ordinary eggs are not to be considered. Some things to avoid in selecting hatching eggs, according to N. R. Mehroff, of our College of Agriculture, are: Improperly formed eggs, eggs with ridges around the middle, abnormally small eggs, thin-shelled eggs, small or round or abnormally long eggs. All eggs for hatching should be uniform in shape, color and size.

Some people believe split fence posts last longer than do round ones. Probably as large a number hold the opposite view. The Forest Products Laboratory of the United States Department of Agriculture says that one will last about as long as the other if the percentage of sapwood and heartwood are the same in both. If the percentage of sapwood is increased by splitting, the split post will be less durable, while if the percentage of heartwood is increased it will be more durable than the round one. Exceptions to this should be made if the posts are of spruce, hemlock, or any of the true firs, whose heartwood and sapwood are about equally durable.

The Joint Committee on Definitions and Standards for Food will hold a meeting in Washington from February 24 to March 3 inclusive when revisions of the definitions and standards for salt, alimentary paste and suetcrust will be considered. Other definitions and standards which will be under consideration at this meeting are those for ice-cream, jams and jellies, strapp, butterfat, flour and sausage. For further information, address U. S. Bureau of Chemistry, Washington, D. C. Suggestions are requested from those interested.

A community that loves gardens and garden making and thinks of a fertile and well tended garden as an essential part of the farm is a community that is not going to lack for good things to eat, and a community that is going to know its full share of the pleasures of farm work and of country life. It takes work, but it is worth the effort to have a good garden. Gossip about how to do it in the garden and what comes of it is better than a good deal of some other kinds of gossip.

**DR. F. M. SHEPPARD**  
Physician and Surgeon  
Calls answered day or night.  
Res. St. Cloud Hotel, Office over Peoples, room 9 and 10.

The wholesale price level of foodstuffs now stands about 15 per cent over a year ago. Not only has all staples except sugar advanced in price but clothing is going up, and the cost of oil and gasoline has joined in the climbing game.

All over the country, leaders in business, banking and farming are predicting a good year for the farming industry. All indications are that the farmer will receive greater returns for his work and that farming will again rank among our most profitable industries.

According to government report on production of corn in the states of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana and Tennessee, there is a shortage of more than seventy-three million bushels. These states as a whole did not produce in 1923 enough corn to meet the demand and the reduced production the past season means an increase in corn we must buy of seventy-three million bushels. Figured at \$1.25 per bushel, a lower price for corn will sell for, this amounts to more than ninety-one and one quarter million dollars. It is impossible now to avoid this great outlay of money entirely but by giving serious thought to the matter and doing everything that we can do we may reduce the figure very materially.

The Canadian market furnishes the most important foreign outlet for American exports of citrus fruit. Out of an average annual exportation of 2,011,000 boxes of oranges, 208,000 boxes of lemons, and 223,000 boxes of grapefruit during the three-year period ended June 30, 1924, Canada took 91.8 per cent of the oranges, 81.7 per cent of the lemons, and 88.8 per cent of the grapefruit. The United States furnishes about 94 per cent of Canada's annual imports of grapefruit, over 60 per cent of the lemons and 94 per cent of the oranges. Jamaica and Cuba furnish the balance of the grapefruit not supplied by the United States. The balance of the lemons. The small part of the orange trade supplied by sources other than the United States is accounted for by Japan, Jamaica, Spain, Palestine and Mexico, each of which contribute small shipments annually.

There was a decrease of about 100,000 head, or nearly 4 per cent in the number of sheep and lambs on feed January 1, 1925, from the number January 1, 1924, in the Corn Belt and Western States, according to the estimate of the U. S. Department of Agriculture. The estimated numbers were 4,081,000 in 1925 and 4,285,000 in 1924.

## CITY CHURCH PROBLEM RESULT SUBMARINE MINDS

New York City, N. Y., Feb. 18.—The city problem as it relates to the churches was discussed at a recent meeting of the Council of Cities under the auspices of the Methodist Episcopal Church, "Is it to save the cities or to save the churches in the cities? There is a type of church mind so submerged in parish activities and denominational developments that it sees the city only through the perspective of church statistics. The fact that there are so many of these denominational submarine minds, is one reason so many of our city churches have been sunk. The city problem is not merely how to begot individual Christians, but also how to make the city safe for individual Christians. That requires a corporate conversion as well as individual conversion. We need church statesmen, spiritually tall enough to see over denominational fences. The church must hold strategic downtown centers. It must not forsake the great congested centers of the cities. In New York City the most significant pulpits are in the downtown sections. It is there that the church best touches the stream of life. The typical city parish with its varied elements demands a diversified ministry. A popular preacher may collect a crowd through publicity. But the collection of a congregation is not the building of a church. It requires a ministry sufficiently varied to meet the needs of rich and poor, of learned and unlearned, of young and old. It should not be a rich man's or a poor man's church, must not be either exclusively for employer or employee. The message of our city church should be deeply spiritual, cheap publicity such as the effort to 'sell' cheapens the church and violates the canons of good taste. There should be church advertising but it must be honest and dignified. The long and successful city parsonage can only be built on quality production. It must stress personal evangelism. The Methodist Episcopal Church has come through this recent time of theological controversy with so little schism. The city church needs more biblical theology. It must be a teaching church. It must have a mystical message. It must preach a gospel that will benefit the health and happiness of our people. It must preach a social gospel and it must promote worship.

"The city church demands no more intellectual ministry than the rural church. The city church as a rule is better supplied with promoters than with endurance preachers." Ministers and laymen were present.

Dr. M. E. Burns, superintendent of city work of the Methodist Episcopal Church gave the keynote address dealing with the relation of the church in the city to bilingual work, race relations, religious education, social sciences, world conditions, evangelism and industry as related to city work. "The failure of the church," said Dr. Burns, "to insist on its own religious standards, has been disastrous to civilization and to the church itself, having become impotent before, or in actual league with the forces of economic greed and racial passion which which destroyed our civilization. If religion is to be restored as a force in modern living, it must be able to wage the evil in human life in the spirit of scientific realism and offer for their solution the dynamic of a faith that is incurably strong and unswervingly fixed in God. Nothing less than a religion of the deepest and truest and most fundamental ethics will be equal to this gigantic task, and it must be a religion which fearlessly faces the moral implications of its faith."

Dr. M. L. Robinson, superintendent of City Missions, New York, presided at the morning session, and spoke on the downtown problem at it affects New York City.

Sometimes called Bit white. It is abundant in Florida. Weed seeds form a large part of its food, but in warm weather it feeds freely on insects, and it should be maintained in numbers on every farm. No bird of its size furnishes a larger quantity of dainty meat. The game law of Florida protects it from March 15 to November 20.

## LEGAL NOTICES

JESSIE C. RIDDLE, Executrix.

Feb. 19-April 9.

From the Metropolitan Area of New York and from churches and cities in the New York Area.  
Dr. M. E. Burns, Superintendent of city work of the Methodist Episcopal Church gave the keynote address dealing with the relation of the church in the city to bilingual work, race relations, religious education, social sciences, world conditions, evangelism and industry as related to city work.

"The failure of the church," said Dr. Burns, "to insist on its own religious standards, has been disastrous to civilization and to the church itself, having become impotent before, or in actual league with the forces of economic greed and racial passion which which destroyed our civilization. If religion is to be restored as a force in modern living, it must be able to wage the evil in human life in the spirit of scientific realism and offer for their solution the dynamic of a faith that is incurably strong and unswervingly fixed in God. Nothing less than a religion of the deepest and truest and most fundamental ethics will be equal to this gigantic task, and it must be a religion which fearlessly faces the moral implications of its faith."

Dr. M. L. Robinson, superintendent of City Missions, New York, presided at the morning session, and spoke on the downtown problem at it affects New York City.

## CITY COMMISSION AWARDS CONTRACT FOR NEW WELL TO SUPPLY CITY'S NEEDS

The City Commission Monday evening awarded bids on driving wells for a new water supply. The order to be prepared for any future emergencies and to meet the demands of the rapid growth of the city.

Four regular bids were received and one alternate bid was also read from the Gray-Anderson Well Co. A representative of this latter company was present and addressed the Commissioners at length on the idea of what is termed shallow wells with screened sections of tubing through any such water-bearing sands occurring in the drilling process.

Engineer Main, who prepared the plans and specifications for the City was present to check the bids for the commissioners and advise as to the materials and class of work each contractor proposed to deliver. Also to show what items must be included from each bid to give a complete well thus arriving at a comparative total cost for the job.

Thorough consideration was given

each and every bid, from every angle. The bidders were as follows: J. C. Dibble, Kissimmee;—8 in. well 600 feet deep for \$2,920 complete. He did no bid on a 10 in. well.

Virginia Well Co.—\$6.10 per foot or \$2,820.00 for 19 in. 600 feet complete.

Gray-Anderson Well Co., \$5,314. If less than \$5,314 to pay \$10 per foot first 100 feet and then \$2.50 per foot, plus half to be saved by stopping at lesser depth.

B. F. Holand also bid but not on any specifications.

After discussions and comparisons, Mayor Outlaw moved and J. J. Johnston seconded, that the contract be awarded to the Virginia Well Co., which carried unanimously.

Fairbanks-Morse Co. offered to loan the city a pump now being replaced in another city to meet the needs while the new well is being drilled. Manager Collins was instructed to arrange to use the well at the light plant and if arranged, to send for the pump at

once, and give immediate relief to the water users. This carried unanimously. The well at the plant has been giving trouble for some time and might fail entirely if not repaired now.

A petition from twenty-two property owners on northside of Ninth street, west to Dakota avenue for side walks was granted.

Also a petition for sidewalks for Seventh street between Minnesota and Kentucky avenues granted.

Also a petition for paving Pennsylvania avenue from Eleventh to Thirtieth street, 38 feet wide or full width if wider, was received and filed for future consideration on account of other brick work called for in other sections of the city.

Mr. J. R. Housley, a representative of Eureka Fire Hose Mfg. Co., offered the city a new supply, explaining the life of hose at 4 years, the city now having only 1500 feet of hose standing the pump engine pressure, should it be needed. The delivery was to be made in 90 days, billed Oct. 1 net, or long terms at 6 per cent. Tom Walker, chief, explained the needs of the department in hose at this time. On motion of S. W. Porter an order was placed for 1000 feet of the fire hose at \$1.00 per foot to be paid Nov. 1st.

The matter of securing a city manager for some future date, for which bids had been asked, was taken up and bids read. They were filed in order to hear from others that had been recommended.

The paving of Massachusetts avenue between Twelfth and Thirtieth was discussed, and it was decided to ask that white way lights, cable underground, be installed before work is started.

It was made plain that all future brick streets must include the underground cables and white way poles. Mayor Outlaw was asked to issue a proclamation to celebrate the opening of the White Way on Friday.

The Gray-Anderson Co., representative for a third time, addressed the council and made another proposition trying to show he could get soft water well for less money. After discussion Engineer Main was instructed to confer with Mr. Gray and get his proposition in writing. He (Mr. Gray) said he could not say when he could start or when he could finish. Then he preferred they wire for references about the company to whom the job had been already awarded.

Mr. Porter objected to any contract with strings.

Mr. Gray then asked for some time to check up his last offer to see if he would come out even and at the same time save the city some money. The matter was left open to hear from the conference between Engineer Main and Mr. Gray.

The question of securing better sanitary wagon service was discussed for some time.

Walter Woody and H. Herdinger offered to guarantee to sell the city bonds at certain price if the preliminary proceedings were left to their attorneys; if the market was lower to stand the loss; if higher to pay the highest bid for any future issues.

The City Marshal was instructed to notify all such stone real estate operators they must take out a license within 24 hours or be fined.

Mayor Outlaw reported a proposition made to furnish the city with a sand pumping outfit for use where needed on street-billing. Prices were to be secured.

The matter of securing a street sweeper was also taken up to stop so much expense for mule teams. It was pointed out that these animals could be sold for enough to buy a sweeper outfit and the clean up made more quickly and at a great saving in labor.

Mr. Edward Staureman of the Florida Machine Co., of Lakeland talked to the Council about dredging equipment. He offered to bring his designing engineer here to go into details. This engineer, Mr. Rogers, is to come at a later date to discuss plans and costs about Friday or Saturday.

## NARCOOSSEE BOARD OF TRADE BECOMING ACTIVE

Reports that because the County Commissioners had discontinued the monthly allowance for rent to the Narcoossee Board of Trade that body had ceased to exist have been found to be far from the truth.

Every indication of much activity can be seen in that section, and one of the prominent members of the Board of Trade gave us some details of the work to be undertaken by that organization.

Much property has changed hands that section during the past ten days, especially the lakefront property, and several other deals are pending. Building activity will be resumed and Narcoossee will soon take its place with other towns in the county in growth.

## Notice of Application for Tax Deed

Notice is hereby given that J. L. Overstreet, Clerk Circuit Court, Osceola County, Florida, Feb. 19-Mar. 19, 1925, has filed said Certificate in my office, and has made application for tax deed to issue in accordance with law.
